What is SIC?

Mandated by law, the SIC serves as an advisory group to the school. It brings together parents, school faculty, and community stakeholders to work together to collectively establish, monitor, and evaluate specific long and short-range goals for student achievement, school climate, and teacher effectiveness. In addition, the SIC is a resource for parents, community members, and faculty members to share ideas and concerns.

We believe:

- Each individual can learn and experience success.
- All children must have an equal opportunity to experience the joy of learning and achieve to their fullest potential.
- Communication among parents, school, and community is vital to our school's success.
- Learning is a life-long process.
- All individuals have the right to learn in a safe, orderly, positive, and inviting environment.
- Diversity should be embraced and celebrated.
- Each child should be empowered to learn, grow and develop a sense of citizenship in the community.
