REDCLIFFE ELEMENTARY SCHOOL

School Improvement Council

2010 - 2011

R E P O R T T O P A R E N T S

General Information

The School Improvement Council (SIC) works in conjunction with the Title I committee and PTO executive board to develop goals and plan activities to make Redcliffe Elementary School a place where opportunities are provided for parents, educators, and community members to achieve academically, socially, and professionally.

The overall goal for Redcliffe is to improve student achievement. The SIC/PTO/Title I Committee believe that parent involvement, character education for students, and professional development for teachers are essential to improving student achievement.

This year's goals have been addressed by providing character education through such activities as the "Pro-Kids" presentation for students, 5th grade's etiquette luncheon, and Good Citizen Awards. Assistance in reaching these goals has also been provided by using Title I funds to hire teachers in order to maintain small class sizes, providing professional development for teachers through conferences, workshops, and literature, and enhancing parent involvement through such activities as parent workshops, parenting guest speakers Jamie Murphy and Dr. David Allen, and events including Parent/Child Dances and the Fall Family Festival.
