### Principal's Message

The mission of Scranton Elementary is: **Full STEAM AHEAD.** We do believe, with your input and support, we can all achieve great things. Research tells us, the more parents and guardians are involved in their child's education, the better the child performs in school. Once family and community members are seen as learning partners, students will be better equipped to reach their academic, social and emotional growth potential.

Our main focus continues to be striving for academic excellence for all students, improving home/school relations, strengthening our volunteer program, and maintaining a safe, positive learning environment for all. Please visit your child's school so that we can work together to ensure each student reaches his or her individual potential. We are here to make a difference each and every day!

## Parent Involvement Goals

- Provide information and ideas to families about how to help students at home with homework and other curricular-related activities, decisions, and planning.
- **Design more effective forms of school-to-home and home-to-school communications with all families each year about school programs and their children's progress. Surveys utilized more this year.**
- Recruit and organize parent help and support.
- **Involve parents in the planning, review and improvement of programs in the school wide reform plan through parent suggestions and input at PTO meetings, School Improvement Council meetings and Fall/Spring Surveys.**
- Identify and integrate resources and services from the community to strengthen school programs, family practices, and student learning and development.
- **A Parent Center is provided with resources to help with academic and social development. This center is opened during school hours.**
