Mission Statement:

The mission of Andrews High School is to prepare our diverse student population with the skills necessary to succeed in a complex society by encouraging family involvement, using instructional practices, and providing experiences that increase the students' opportunities for success.

Beliefs:

- Family participation in learning is vital to students' success.
- The worth and dignity of others should be respected by all regardless of individual differences.
- School should be an encouraging supportive place where people are welcomed and valued.
- Every student should have opportunities to learn in a safe and healthy environment.
- All individuals can achieve success and should be challenged to realize their full potential.
- Each individual is responsible for his/her actions.
- All students should be challenged with a variety of instructional and assessment approaches to support their learning.
- All students should be encouraged to become life-long independent learners.
- Teachers are responsible for providing quality instruction to assure meaningful learning.
