Andrews Elementary School

School Improvement Council: “Annual Report to the Parents”

2023-2024

13072 County Line Rd.
Andrews, SC 29510
843-264-3419
<https://aes.gcsd.k12.sc.us/>

Mission Statement

The mission of Andrews Elementary School, in partnership with parents and community, is to meet the social, emotional, physical, and educational needs of all students, enabling them to become lifelong learners and productive members of society.

We believe:

- every child can learn.
- good instruction is paramount to student success.
- children must have a safe, healthy, and positive learning environment.
- children must be respectful of themselves, others, and all property.

SIC Annual Goals

Special Needs Playground

The school is raising funds for the playground and will continue to do so. Events throughout the next few years will contribute to the funds for this project.

Community Outreach

The school will collect canned goods and other non-perishable items to donate to the local food bank at Helping Hands to help AES families. The school will also raise money for the United Way, American Heart Association, and March of Dimes.

Student Achievement

iReady Reading-Winter and Fall 1-5

Overall Placement

iReady Math-Winter and Fall 1-5

Overall Placement

DIBELS

- MOY- 58% on Grade Level

Purpose of the Report

“This Report is issued by Andrews Elementary School Improvement Council in accordance with South Carolina law to share information on the school's progress in meeting various goals and objectives, the work of the SIC, and other accomplishments during the school year.”

Bridging the Gap

Intervention

Students needing extra support in literacy and math will receive in class or pull out Tier 2 or Tier 3 interventions to build foundational skills.

After-School

Students will be given the opportunity to participate in an after-school program tailored to meet their identified areas of need.

I-LEADR

Consultants work with the leadership team and teachers on transforming the school to produce high achievements focusing on the data and ways to address areas of concern. RTI: Stored, a web-based digital platform, houses Students' Response to Instruction through the implementation of a Multi-Tiered System of Support (MTSS) Framework.

Literacy/Math

Dr. Linda Mook, Literacy Consultant, and Jill Livoti, Math Consultant with Beyond the Classroom, provide training to teachers on ways to implement best practices in these subject areas.
