SIC Annual Goals

As we examined the current climate in education, the GMS SIC determined that parent involvement and school safety were both important goals for the 2024-2025 school year. Parents were encouraged to participate in school-based activities, including Open House, Curriculum Night, lunch with Mom/Dad/loved ones, and our monthly Student of the month breakfast. We focused on student centered activities to help with the increase of parent participation. The SIC will continue to work to determine ways to invite the parents and students into the school while competing with sports and other community activities.

As with other area of the country, GMS is constantly working to keep students in safe from both internal and external factors. In addition to regularly scheduled drills (fire, active shooter, and weather), we also conduct random metal detector searches are conducted several times a week at various entry points. GMS also employs a full time SRO on campus.

Student Achievement

ELA and math data from SC READY and iReady both indicate that our students average below grade level expectations and state performance, with math being a greater area of concern. However, we have made some progress over the last few years with improvements in all areas (Math, ELA, and Science). Our school ranked at average this year, which is an improvement from last year ranking of “needs improvement”.

Of all middle schools in the district Georgetown Middle School has the highest Special Education numbers as well as the highest number of English Language Learners. We are continuing to work with these subgroups and their unique needs, and hope to see significant growth in each respective area. For more information, you may view My school’s “S.C. School Report Card” for the previous school year online at www.ed.sc.gov.

Additional Information
