Kensington Elementary School provides a safe, healthy learning environment where respect and responsibility are encouraged, and 21st Century learning is fostered through technology and real world application.

SIC Annual Goals

Kensington Elementary School Improvement Council completed a long-term project, a Special Abilities Inclusion Playground, two years ago. Since then, our committee has been committed to working on Phase Two of this project. Phase Two consists of the following additions:

- Extending the Pour-In-Place Rubber Surfacing area,
- Moving a fence to expand the total playground area
- Addition of 3- new pieces of equipment

Fundraisers, including a t-shirt sale, have been discussed and are being organized.

Another goal that the committee is working on is the replacement/implementation of labeled parking signs in front of the school. The signs that are currently placed in front of the school are causing confusion for parents and visitors.
