School Renovations:

KES is focused on school improvement as it relates to academics and physical appearance of our school. We have received a new school digital marquee, and we have restored our old brick marquee. We are now working on updating the physical appearance of our halls by painting the entire school. We have begun the planning phase, which includes conducting teacher and parent surveys. We are excited to begin the physical work of this project. We are hopeful that we can begin working on our walls over the summer of 2024.

We have also begun the planning of phase two of our special needs playground. We are excited about this project which we hope to begin very soon! GAT this are happening on the boulevard!

The mission of Kensington Elementary School is to educate students in a safe and healthy environment where respect and responsibility are encouraged and fostered through technology, differentiated instruction, and culturally diverse experiences.

SIC Annual Goals

This year our School Improvement Council has focused on a couple of goals. Our primary goal has been Phase II of our inclusive playground. We have begun meetings with the playground developer, researched grants and fundraising options, and have begun playground equipment selections. We have also developed initial blueprints and plans for placement of equipment.

Our committee also has addressed a building improvement project for painting the walls in our building. Currently there are murals painted on every wall, which need updating or painted over. We have sent out surveys, for parents and employees, that will guide our options.

Student Achievement

School Report Card

This past year we have received an overall rating of Good. We received an excellent rating for student progress and an average rating for academic achievement! KES is doing well academically! We will continue to grow our Koalas as we purpose to build Koalaty Kids!
