School Improvement Council (SIC) Report to Parents

Dear Parents,

I would like to express my heartfelt congratulation to you on this school year 2014-2015 accomplishments. Plantersville Elementary School made AYP (Annual Yearly Progress), and received the Silver Award. The collaborative efforts of our teachers and community stakeholders have been instrumental in accomplishing these milestones.

- Based on the Palmetto Assessment of State Standards Test (PASS) our students are making consistent progress in English/ Language Arts (ELA) as well as Mathematics. However, best teaching practices are needed to assist students with informational text passages and a analysis. We have incorporated:
- Intervention Time – Small group in ELA and Mathematics based on assessment results. (7:45-8:15) daily.
- Daily independent reading at home and school
- Tutorial assistance in ELA and Mathematics in grades 2-5.
- Positive Behavior Interventions and Support (PBIS)
- Informational text reading at the beginning of special areas (Art, Music, Library, Physical Education).
- RAMS Store (Incentive promoting positive behavior)

Our stakeholders play an integral part in the learning environment. The Village Group (TVG), a consistent stakeholders offer assistance during the summer months through The Plantersville Summer Academy (PSA). Students receive additional instruction in ELA and Mathematics with a certified teacher. Several of our students have been nominated for various academic awards such as: People to People Leadership Ambassador Programs and National Youth Leadership Forum (NYLF): Pathways to Discovery on Engineering, Medicine, & CSI, an Envision program.

The mission of Plantersville Elementary School is to develop within each student the skills and desire to become responsible productive citizens while developing a lifelong love of learning by providing opportunities for all students to learn and be unique through the partnership of students, staff, and community.

Sincerely,

Melonie Green,
SIC President (2013-2014)
