

May 4, 2012

Greeting Parents,

I would like to congratulate you on a JOB WELL DONE. Plantersville Elementary School made AYP (Annual Yearly Progress) 2011-2012. Our teachers have worked diligently with our students in Early Literacy Intervention Programs, such as;

- **Success Maker in Reading and Math**
- **I-Station (Reading)**
- **Special Areas (Art, Music, Library (reading), Physical Education**
- **MAP Consultant-Coached teachers with effective techniques to enhance students MAP performance/scores**
- **PASS Tutorial Program for grades 3rd-5th**

In addition to the Early Literacy Intervention Program, Phonics for Reading will be an added component for the upcoming school year 2012-2013.

Parents I challenge us as a team to continue to encourage;

- **Effective teacher/parent/students relationship**
- **Positive student behavior in school and on buses**
- **Emphasize the importance of classroom assignments as well Homework completion**

Together, we will experience from our students positive productive Role models and citizens.

I am grateful for the opportunity to serve as Plantersville Elementary School 2012-2013, Chairperson for School Improvement Council. Please feel free to contact me with any concern. You may reach me at 843-546-3734.

Sincerely,

**Queen D. Funnye,
SIC Chairperson**
