

Purpose

The purpose of this Annual Report is to provide a comprehensive overview of Sampit Elementary School's mission, beliefs, stakeholders, programs and school profile.

Mission Statement

The mission of Sampit Elementary School is to provide appropriate learning experiences and to develop attributes in our children, enabling them to become responsible citizens in a partnership with the home, school, and community.

Beliefs

WE BELIEVE that student learning is the chief priority of our school.

WE BELIEVE all students should be given the opportunity to learn.

WE BELIEVE all children can learn.

WE BELIEVE a safe environment is essential for all in the school community that promotes success.

WE BELIEVE that all children learn differently and we must adapt our instructional approaches to their learning styles.

WE BELIEVE parents and the community should take an active role in children's learning.

WE BELIEVE that students learn best when they are actively immersed in the learning process.

WE BELIEVE that all students should have positive instructional experiences.

WE BELIEVE all people should treat each other with respect.

WE BELIEVE education should prepare individuals for life in a changing and challenging world.

WE BELIEVE in setting challenging expectations to increase learning performances of students.

Visions Statements

1. We envision a school in which education will prepare all individuals for success in a diverse society.
2. We envision a school that has a safe environment which invites learners to prepare for a changing and challenging world.
3. We envision a child-centered school in which parents, teachers, and community are working together to encourage and ensure learners reach their maximum potential in the life-long process of learning.

School Improvement Goals

2022-2023

1. Continue to increase parental and community involvement at the school.
2. Make every effort to improve our SCReady scores in all areas.
3. Increase students daily attendance.
4. Increase the number of students reading at grade level.
5. Promote positive behavior through behavior incentives.

Challenges

1. Improve reading and math scores.
2. Enhance the PBIS (Positive Behavior Intervention and Support) program.
3. Increase technology resources in classrooms.
4. Provide staff development to enhance the teachers' repertoire of instructional strategies.
5. Continue and implement additional activities for our parenting program.
6. Increase parent involvement with daily instruction and school interaction.
7. Improve technology for instructional delivery, practice, and assessment.
