# SCHOOL IMPROVEMENT COUNCIL INITIATIVES AND ACCOMPLISHMENTS

## About our council...

The School Improvement Council (SIC) of Waccamaw High School is comprised of teachers, administrators, parents, and community members. The SIC has worked closely together to create an environment for students to feel safe. In a comfortable environment, students are able to learn better. We have collected and analyzed data, and carefully considered information from all areas, including the School Report Card, for the purpose of making improvements.

Initiatives of the SIC include:

- Implementing an Army ROTC program
- Improving Community and Parent Involvement
- Increasing Mental Health Awareness

THE SIC has made significant progress in all three of these areas and looks forward to identifying new goals for the upcoming school year to propel Waccamaw to even greater heights.

## SIC Members
