

WHS School Improvement Council

WHS was excited to welcome back students full-time with no restrictions for the 22-23 school year. We were able to take the lessons learned from previous years and continue to make strides towards excellence. Many new initiatives allowed our students the opportunity to be college and career ready! The Warriors continued to thrive in and out of the classroom! Our Speech and Debate team and Student Council were once again recognized as State Champions! Our Girls Tennis Team were State Champions as well!

SIC Annual Report 2022-23

The Waccamaw High School's School Improvement Council is an action committee consisting of parents, community leaders, teachers and administrators striving to improve our school.

Mission Statement

The Mission of Waccamaw High School is to provide a safe, nurturing environment that prepares students to function productively in a diverse, democratic, and technological society.

Updates

- School Climate Survey conducted for all students.
- Signs of Suicide Training was introduced to our 9th graders in the Spring Semester
- SMART LUNCH
- Building Improvements – Facility and Building Review was conducted
- Data Room
- Expansion of PLTW offerings – Bio Medical and Aerospace classes
- 8th Grade parent night was held
- Jobs for Americas Graduates (JAG) was introduced

SIC Annual Goals

It is our intent to provide parents and community stakeholders with an update of our performance and progress towards our improvement goals.

The percentage of students with a “C” or higher on all state End of Course Exams will increase in: Algebra 1, English 2, Biology, and US History.

Continue building relationships with community partners for our students to take advantage of Work Based Learning Opportunities.

To work with our students to have them College and Career Ready when they graduate from WHS.

To research and implement a JROTC program for our student body.
