

**State of SC Annual Report Card Rating
Over a 5-year period**

Year	Overall Rating	Overall Score
2021	None	None
2020	None	None
2019	Average	37
2018	Average	39
2017	Average	Average

Although we made significant gains each year, the updated criteria is a moving target based on all other SC School's performance. This causes our overall rating to remain in the average range. Never discouraged, the staff, faculty and students of CBM continued to work hard with the full knowledge that we have what it takes to achieve adequate yearly growth. We continue to make gains and progress with iReady in closing the skill gap for our students, allowing them the opportunity to access the curriculum each and everyday.

Carvers Bay Middle School...

Aren't You Proud!?

**Carvers Bay Middle School
2021-2022 School Goals**

In looking at student data pre-covid, we saw that our improvement was not what we'd hoped. Since this time we have been looking at student skill levels as compared to their academic levels. What we have found is the achievement gap is in fact a skill gap. Once we began working on the student skill deficiencies their academic achievement improved on SCREADY.

Grades 6-8	2018 % of students scor- ing Meets and Exceeds	2019 % of students scoring Meets and Exceeds	2020% of students scor- ing Meets and Exceeds	2021 % of students scoring Meets and Exceeds
ELA	24%	24%	None	19%
Math	17%	16%	None	9%
Science	29%	26%	None	13%

We at CBMS extend our appreciation to our PTO and SIC who have faithfully supported the goals and efforts of our students, staff, and teachers.

We additionally thank our teachers, staff, parents, and community for persistently reinforcing us as we work hard to make gains toward our academic goals. I know that you, too, are elated over the significant improvement in closing the skill gap. It has taken several years of effort with all of us working together to strengthen our instructional program to bring us to this point of achievement. This could not have been done without the help and encouragement of neighbors such as you.

Thank you very much for believing in us and supporting what we are trying to do here at Carvers Bay Middle School.

Sincerely,

**Carvers Bay Middle School
Aren't You Proud?**

Our Mission

Our mission is to provide challenging educational opportunities in a safe environment that prepare all students to become responsible, productive, citizens and life-long learners.

Greetings From the SIC Chair

Thank you for allowing me the opportunity to serve your children as School Improvement Council Chairperson. The SIC has worked closely with the principal and has taken an active role in the decisions made this year to directly improve the education of the students at Carvers Bay Middle School. We have collected and carefully considered data from parents, students, teachers, test results, and the School Report Card to identify areas that need improvement. The areas we addressed this year include:

Improving Community Involvement
Encouraging Parental Involvement
Promoting Teacher Collaboration
Increasing SC/READY/PASS Scores

Johnathan Guiles
