Rebecca McLean, SIC Chair

## Greetings From the SIC Chair

Thank you for allowing me the opportunity to serve your children as School Improvement Council Chairperson for the past three years. The SIC continues to work closely with the principal and has taken an active role in the decisions made this year to directly improve the education of the students at Carvers Bay Middle School. We have collected and carefully considered data from parents, students, teachers, test results and the School Report Card to identify areas that need improvement. The SIC has been committed to working with Mrs. Pyatt and her faculty to improve community involvement, encourage parental involvement and seeing an increase in our students' test scores for the 2014 year.

*Rebecca McLean, SIC Chair 2013-2014*
