GREENVILLE COUNTY SCHOOLS

School Improvement Council

Report to the Parents

Our vision at BRHS is to create a school where...

Each student will feel that the curriculum has prepared him/her for college/workforce and is relevant, challenging and interesting.

The curriculum will always be expanding, never stagnant, and changing to meet the needs of the student.

Instruction will value student input and be enhanced with technology when applicable.

Varied methods of instruction will be used with emphasis on student involvement.

Instruction will be accurate, well-planned, professional and effective.

Each student will be assessed proportionately on content and skills taught in the instructional process and be aware of the expectations that will be assessed.

A variety of assessments will be used that are fair, accurate and require critical thinking.

Students, teachers and administration will feel pride and ownership in BRHS.

BRHS will be safe, clean, comfortable and provide an atmosphere conducive to learning.

BRHS's environment will reflect student accomplishments and will set the standard for all other schools in the Southeast.
