Mission Statement

We exist to educate students both academically and socially so that they become responsible citizens of our local and global community.

Our Commitment to the Future

The past year has been one of exciting growth and achievement for our high school. Academically, the efforts of the past several years have been rewarded in several ways. Our state mandated test scores showed increases in nearly every demographic area. While our efforts have been recognized, we continue to strive to improve. We have accepted the challenge of standardized testing for our juniors and plan to again demonstrate our excellence when the results of the ACT and Work Keys are announced in the fall. Over 90% of our juniors passed the Work Keys assessment last year and we were at the state average in ACT scores. Our collaboration with Greenville Tech has continued to produce great results, preparing even more students for their education beyond high school in offering college credit classes on our campus. This program makes Travelers Rest High one of a few schools in Greenville County to offer three different college level programs (IB, AP, and Dual Credit) to meet the differing, rigorous academic needs for our students.

Additionally, our extra-curricular activities have expanded and have experienced significant success. Our BETA Club students have again qualified for national level competition and our fine art department continues to win multiple state level awards. Our Student Council demonstrated our strength in student leadership by continuing to raise an amazing amount of money for charity during our December toy drive and our annual Spirit Week. The Student Council was also recognized as being in the top two councils in the state for the twelfth consecutive year and was named a National Gold Honor Council for the ninth time. Athletically, we continue to experience growth in our success, with multiple playoff berths, region championships, and several all state and North-South team members.

As always, we maintain a commitment to continuous improvement. We study our school wide data on a constant basis and make the necessary adjustments to our instructional program. Looking toward the 2017-18 school year, we are making the necessary adjustments to maintain our quality educational program in the face of continued budget challenges.

These are just a few of our accomplishments and efforts to insure that Travelers Rest High School will continue to be the best possible school for our students. Thank you for your support and assistance as we continue to work together for our students.

Lou Lavelly, Principal

Student Academic Achievement

Students earned \$6.2 million in scholarships
13 students qualified as Palmetto Fellows
