Mission Statement

We exist to educate students both academically and socially so that they become responsible citizens of our local and global community.

Our Commitment to the Future

The past year has been one where our student body, faculty, and community truly embraced and embodied our slogan of “We Are TR”! From our opening assembly on the first day of school, our school has continuously demonstrated a unified school spirit. We continue to review academic data and adjust our curriculum and programs to meet the needs of every student. We implemented a new and productive Content Recovery program to help remediate students in real time and continue to offer courses to challenge all students up through three different and unique college credit programs.

Additionally, our extra-curricular activities have expanded and have experienced significant success. Our BETA Club students have again qualified for national level competition and our fine arts department continues to win multiple state level awards. Our Student Council demonstrated our strength in student leadership by continuing to raise an amazing amount of money for charity during our December toy drive and our annual Spirit Week. The Student Council was also recognized as being in the top two councils in the state for the thirteenth consecutive year and was named a National Gold Honor Council for the tenth time. Athletically, we continue to experience growth in our success, with multiple playoff berths, region championships, and several all state and North-South team members. As always, we maintain a commitment to continuous improvement. We study our schoolwide data on a constant basis and make the necessary adjustments to our instructional program. Looking forward to the 2018-19 school year, we are making the necessary adjustments to maintain our quality educational program in the face of continued budget challenges. These are just a few of our accomplishments and efforts to insure that Travelers Rest High School will continue to be the best possible school for our students. Thank you for your support and assistance as we continue to work together for our students.

Lou Lavelly, Principal
