

Our History

Bryson Middle School opened its doors as Bryson High School in 1954 at the old P. Meadors' homestead on approximately 86 acres. In 1970 with the federal mandate for school integration, buildings and student populations had to be re-configured. Ninth graders from Hillcrest High School then attended in Bryson's building, later becoming Bryson Center, while Bryson's seventh and eighth graders joined with Hillcrest Junior High.

In the fall of 1973 and after the building of an additional local high school, Bryson Center changed to a middle school to serve students in grades six through eight. Twenty years later in 1993, Bryson Middle School relocated to its current building, then recently renovated, which had formerly been Hillcrest High School.

Today Bryson Middle School is a regionally accredited public middle school serving grades six through eight. It is one of the largest of the nineteen middle schools in Greenville County with over 981 students and is adjacent to the county's largest high school, Hillcrest High. Our school serves the cities of Fountain Inn and Simpsonville.
