

OUR HISTORY

Bryson Middle School opened its doors as Bryson High School in 1954 at the old P. Meadors' homestead on approximately 86 acres. In 1970 with the federal mandate for school integration, buildings and student populations had to be re-configured. Ninth graders from Hillcrest High School then attended in Bryson's building, later becoming Bryson Center, while Bryson's seventh and eighth graders joined with Hillcrest Junior High.

In the fall of 1973 and after the building of an additional local high school, Bryson Center changed to a middle school to serve students in grades six through eight. Twenty years later in 1993, Bryson Middle School relocated to its current building, then recently renovated, which had formerly been Hillcrest High School.

Today Bryson Middle School is a regionally accredited public middle school serving grades six through eight. It is one of the largest of the nineteen middle schools in Greenville County with over 963 students and is adjacent to one of the county's largest high schools, Hillcrest High. Our school serves the cities of Fountain Inn and Simpsonville.

SIC ANNUAL GOALS

Goal One: Increase Student Engagement

Actions: Set up framework for student council to be more involved in school decisions, feedback from student groups to advise administration and SIC.

Results: Student council bylaws and election of officers and class representatives, and Top Dawgs quarterly student luncheons.

Goal Two: Increase Neighborhood/ Community Involvement

Actions: School liaisons for each feeder school, 5th grade visits to local elementary schools, Trunk or Treat for community, “Fall for Bryson”, reintroduce mentor program with community members as mentors, and reintroduce business partners.

Results: Strengthen relationships with community (business, churches and local neighborhoods).

Goal Three: Teacher Retention/Morale

Actions: Parent volunteers to assist teachers with specific projects, provide volunteers during lunches, discounts for teachers at our local businesses, supports for teachers from the community.

Results: Teachers feel more supported by the school and community which leads to them staying for longer periods of time at the school.

Bryson Middle School is a learning community that inspires and supports academic excellence and social responsibility.
