

Message from the Principal

I'd like to welcome you to Alexander School's Annual Report to the Community Brochure. Parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

At Alexander Elementary we are committed to our mission of providing a safe, respectful environment where school and home promote high achievement for all learners. This brings breath to our Tag Line: "Learning Today with Tomorrow in Mind".

Alexander Elementary School provides a warm, stimulating environment where students are actively involved in learning academics as well as positive values. Students receive a standards-based, challenging curriculum by dedicated professional staff based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency.

We have made a commitment to provide the best educational program possible for Alexander Elementary School's students, and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together, through our hard work, our students will be challenged to reach their maximum potential.

Yours In Education,

Dr. Sonya B. Campbell, Principal
Melvin McDaniel, SIC Chair

Third grade students visited Columbia for social studies.

Our Mission Statement

The mission of Alexander Elementary School is to provide a safe, respectful, environment where home and school promote high academic achievement for all students.

Our History

In 1922, fourteen Greenville communities bound together for mutual education and civic advancement under the vision of Thomas Fleming Parker. The Parker District, as it would become, aimed to become a textile community where individuals could obtain employment and have comfortable homes, churches, school and opportunities to grow into whatever they wished to become. Alexander Elementary was built in 1965 and was named after Mr. Milton Osmond Alexander. Mr. Alexander was a respected supporter of the Parker District and the Woodside Mill community.

Since 1965, Alexander Elementary has grown from just 20 teachers to over 40 under the leadership of 8 different principals. As Alexander Elementary continues to grow and progress, we are learning today with tomorrow in mind while never forgetting the important historical heritage of our community.
