

Our Principal, David Langston, began his tenure at Crestview on January 4, 2010. This is his 23rd year in education where he has held such positions at Assistant Principal, teacher of mathematics, after school administrator, department chairperson and varsity soccer coach. Prior to moving to Greenville, Mr. Langston taught middle school mathematics in Gainesville, FL, Salt Lake City, UT and Savannah, GA. Here in Greenville County, Mr. Langston has worked as a math teacher at Berea Middle School and an assistant principal at Skyland Elementary School. He has earned his Educational Specialist Degree in school leadership as well as his Masters and Bachelors degrees from the University of Florida. Mr. Langston is committed to helping everyone at Crestview succeed. He believes that teachers, parents, students, staff and community should work together in a collaborative effort to meet the academic, social and emotional needs of the children.

Mission Statement

Our mission is to partner with the students, family and community to ensure that all children succeed in a safe, nurturing and academically challenging environment.

The School Improvement Council (SIC) at Crestview Elementary School has prepared this report for you. More information can be found on our website. If you have any questions regarding the information in this report, please do not hesitate to contact one of your SIC representatives.

Action Plan for Improvement

No ratings given due to new state test

GOALS 1 and 2: To improve English/Language Arts and Math PASS scores in grades 3 through 5.

- Ensure that all instruction includes and is targeted to and state standards
- Utilize district curriculum pacing guides to drive instruction
- Use *Fountas & Pinnell* Balanced Literacy, *Everyday Math Counts*, best practices, and research-based strategies in all classrooms
- Ensure that all teachers are using essential questions, activating and summarizing strategies, and differentiation daily
- Provide small group instruction for targeted 3rd, 4th, and 5th grade students based on test and benchmarking data
- Analyze common assessments to identify student strengths and weaknesses; monitor and adjust instruction

GOAL 3: Ensure Quality Personnel by Providing Staff Development

- Continue *Fountas & Pinnell* Balanced Literacy trainings
- Support *Guided Math* training for all teachers of math
- Provide 21st century technology training for all teachers
- Target professional development based on student needs
