

Our History

Duncan Chapel Elementary has been educating students of the community for many years. The original one-room school opened its doors in 1878. Sometime after 1910, the little one-room school became too small for the ever-increasing number of students; and around 1912 it was abandoned for a brand-new, two story wooden structure built on the site of the present school. The current facility was dedicated in 2000. In the fall of 2018, Duncan Chapel Elementary celebrated 140 years of educating students of Greenville County.
