Dear Parents & Community,

On behalf of our School Improvement Council, we present to you our 2017-18 Annual Report to parents. This report is provided to the parents in compliance with the state's school council guidelines. This brochure provides a summary of some of the accomplishments from this year.

Mauldin Elementary is a Leader in Me school with very active parents and an involved community. We all work together to ensure that our students get a relevant and quality education while learning to be leaders. Our Parent Teacher Association and School Improvement Council work in partnership to fulfill our school's mission.

This year we have continued our STEAM lab for students in grades 2-5. Our PTA has also promoted parent involvement including our Watch DOG program that incorporates our Dads into the school. We have developed consistent expectations for our students to "step out and LEAD" and to be leaders.

We are working diligently to close achievement gaps and ensure that all students make academic gains.

We will continue to provide quality educational experiences that INSPIRE students to BELIEVE they can ACHIEVE their DREAMS.

Children first,
Jamie Spinks, Ph. D.—Principal
Melissa Creazzo, SIC Chair

School Improvement Plan 2017-2018

District Goal: Raise the academic challenge and performance in each student.

Mauldin Elementary Goal: All students will show increased academic achievement in the areas of Reading, Math, Science and Social Studies.

Action Plan Examples:

- ◆ Review test data to identify strengths and weaknesses in grade level teams
- ◆ Provide additional support for students by using Morning Tutoring Program (s) and differentiated instruction
- ◆ Ensure the Reading/ Language Arts and Math instruction is driven by state standards.

District Goal: Ensure quality personnel by providing professional development.

Mauldin Elementary Goal: All teachers will continue to be provided training in Balanced Literacy and the state standards.

Action Plan Examples:

- ◆ Provide teachers with district and school based trainings to support standards based instruction.
- ◆ Encourage and provide teachers with opportunities to attend professional developments relevant to their grade level and subject matter.

District Goal: Provide a school environment supportive of learning.

Mauldin Elementary Goal: Student attendance rate will maintain a 95% average or better

Action Plan Examples:

- ◆ Review and develop school-wide incentives for attendance
- ◆ Continue to monitor student attendance
- ◆ Continue to emphasize attendance as a part of our PBIS system.

The School Improvement Plan has developed with much dedication by the faculty, administration and parent volunteers.

This publication lists highlights only. A detailed plan is available in the School Portfolio located on the school website or in the school office.
