

A Community of Learners!

Our Mission...

in partnership with the home and community, is to:

Prepare
Respect
Enrich
Succeed

Our Vision

The Pelham Road Community continuously works to provide a school where...

- * There is mutual respect, honesty, responsibility, and cooperation among the school community.
- * Home, community, and school work together to benefit all students.
- * The environment is a safe, secure, and inviting place to promote learning.
- * Curriculum and instruction involve a variety of learning experiences to accommodate individual differences.
- * Students are equipped with skills that enable them to apply their learning in a meaningful context.
- * All students are equipped to use technology and research skills to gain knowledge for life-long learning.

An outstanding technological and multicultural learning environment!

Our school has been refreshed during the fall of 2016, with updated technology such as new computers in the lab, new teacher laptops, and more Chromebooks and iPads for our students.

We utilize Promethean boards, laptops, Chromebooks, and iPads. We are proud of our 30-station computer lab and a wireless laptop lab.

We are grateful to have a student population representing 42 different countries with 23 different languages spoken at home.

We currently have 7 teachers who earned National Board Certification, and 37 faculty members with advanced degrees. Our faculty is deeply committed to improving each child's achievement and continuously participates in professional development.

We provide students individualized goal setting and progress measurement through Measures of Academic Progress (MAP) as well as reading, writing and math benchmarks. Strong integration of writing across the curriculum provides students with a solid language arts foundation. Consequently, Pelham Road is a school of Exemplary Writing.

We love our Extended After School Program with stimulating activities and homework help,

Pelham Road Elementary
Home of the All Stars!

Pelham Road Elementary

Home of the All Stars!

Pelham Road has an absolute rating of excellent, as well as a good in academic growth. We believe our success is due to a strong emphasis of differentiation of instruction, integration of subjects and technology. Pelham Road Elementary is a unique blend of traditional studies and has a growing technology program, in a delightful, child friendly setting. Our motto, "A Community of Learners" is quite evident with our outstanding volunteer program comprised of parents and community members. Because of the dedication of our faculty and the commitment of our community to our students, Pelham Road Elementary is definitely the epitome of a classic neighborhood school and a shining example of what all schools could be.

Standardized testing:

- Measures of Academic Progress (MAP) is a computer based test given in the fall and spring to 2nd—5th graders in math and ELA. MAP testing has benefited our school by providing detailed, individualized, immediate identification of strengths and weakness.
- Palmetto Assessment of State Standards (PASS) is the state test administered in the spring of science and social studies to our fourth and fifth graders.
- SC Ready, a College-and career-Ready Assessment, will be given statewide in grades 3-5 in writing, reading, and mathematics during the last 30 days of school.

SCHOOL IMPROVEMENT COUNCIL (S.I.C.)

Serves as an advisory body to the school's principal and faculty. The council works collaboratively to develop and implement a five-year school improvement plan. They also monitor and evaluate success in reaching the plan's objectives and to write an annual report to the parents about the progress of the plan. This year our SIC has been keeping abreast of policies, laws, and regulations enacted by local, state, and federal authorities that affect schools, especially those that might improve educational opportunities. SIC plays a key role in education, bringing together parents, educators, and community stakeholders to work collectively to improve their local school.

PARENT TEACHER ASSOCIATION (PTA)

Our phenomenal PTA is a huge part of our school. Pelham Road is proud to be a long time winner of the PTA award for 100% membership from our students and families. PTA supports the following programs at our school Accelerated Reading, Reflections Art and Writing Contest, Artist-In-Residence, book fair, community fair, and SEEDS. This past year our very active PTA has supported our school by purchasing numerous Chromebooks and iPads, supplying teachers with much needed school supply money to purchase classroom materials, volunteering as teacher helpers, as well as sponsoring curriculum days, like Science Fun day where students get to participate in hands on science experiments all day. PTA also sponsors Booster marathon Fun Run and Spring Fling which are our major fundraisers. PTA is committed to our educational success through strong school, parent, family, and community involvement.
