- Student Council
- Trout in the Classroom

GROVE on the M.O.V.E.

This is year two for our Mobile Outreach Volunteer Experience (M.O.V.E.) at Grove Elementary. Supported by Title I funds, Grove personnel and community agencies visit our neighborhoods to share information about resources in the community. We visit bus stops and community centers in our attendance area where we meet parents, share information and talk about educating our children and meeting the many needs of the families. The outreach program helps parents make community connections and supports their efforts to help their children with homework. It also allows parents to view the school in a whole different light, as we reach out to lend a hand and develop our own understanding.

G+ at Grove

- Career path exposure and support for all students
- Business and Community presentations
- Students exploring the community
- Participation in community activities
- Explore career paths in the community
