The vision of Mauldin Middle School is to develop 21st Century learners by creating a collaborative learning community. We will ensure life-long learners who are responsible, productive citizens by encouraging discovery and exploration through personalized learning.

Mauldin Middle School wants to improve student achievement, to gain and develop resources, and to build and maintain a positive relationship with our community. Our stakeholders support our school and its programs by working with us to promote and clarify our school's vision and beliefs. Our greatest stakeholder asset is our parents, who are the business, religious and political leaders in our community.

Mauldin Middle School has been in existence for seventeen years. Our numerous accomplishments have been made through the conscious efforts of our teachers, students, parents, administrators and community members. Mauldin Middle School lies in the southeastern portion of Greenville County on the border of Mauldin and Simpsonville. The school opened in the fall of 1999 to help meet the needs of a growing county. The school building features three separate wings for each grade level. The school currently contains about 1,025 sixth, seventh, and eighth grade students.
