

SIC Report to the Community

Career and College Corner

In support of our district-wide Graduation Plus initiative to ensure all students are college and career ready, students are learning various careers and education requirements during school counseling lessons. We will also feature a special news segment on REC's news show that focuses on connecting school to work. Students are learning the importance of setting future goals and the different opportunities that are available to them.

Our motto at Robert E. Cashion Elementary is "Working Together is Success" and our School Improvement Council is an important piece to our success. In December, our SIC organized our 4th Annual "Growing Our Future Day." With the help of community and staff we worked to improve our courtyard area outside our cafeteria. Our SIC brainstormed ways of supporting our community's literacy efforts through The Dolly Parton Imagination Station reading program. This program delivers monthly age-appropriate books to children birth - 5 years old to begin the love of literacy. Due to COVID19 we have halted our efforts in pursuing this program, but we plan to pick up when we return to school. During this closure we have stressed that **We Are Cashion Doing Comet Things**. Cashion Comets work hard, work together, work through the difficult times, celebrate our success, and have fun doing what we do. This includes our staff, students, parents, and community. Our school community is 100% committed to this statement. The commitment is proven through the work of our SIC at Robert E. Cashion Elementary. We will continue to Build on Our Success at REC because We Are Cashion Doing Comet Things in the 2020 - 2021 school year.
