

SIC Report to the Community

Career and College Corner

In support of our district-wide Graduation Plus initiative to ensure all students are college and career ready, students are learning various careers and education requirements during school counseling lessons. We will also feature a special news segment on REC's news show that focuses on connecting school to work. Students are learning the importance of setting future goals and the different opportunities that are available to them.

Our motto at Robert E. Cashion Elementary is “Working Together is Success” and our School Improvement Council is an important piece to our success. This year our SIC has continued to be focused on improving our school grounds. We coordinated the transition of the huge rock to a better location on school grounds. This rock will provide our staff and families to decorate to show school spirit and celebrate each other. Due to the growth of our student population we have added another playground with swings and other playground equipment. We are adding picnic tables to our playgrounds to offer suitable places for students to gather for social and academic experiences. Our school has connected with a group of local churches to provide a variety of supports for our students and staff. These churches are committed to providing school supplies, incentives for staff, and volunteers for a variety of events. We are all working towards our school wide goals at REC. This includes our staff, students, parents, and community. Our school community is 100% committed to this statement. The commitment is proven through the work of our SIC at Robert E. Cashion Elementary. We will continue to be Cashion Doing Comet Things at REC because We Are Bouncing Back Better Than Ever at REC in 2021-2022.

REC—School Improvement

Robert E. Cashion Elementary
2021-2022

Reaching... Educating... Caring

We are keeping our same goals from last year for the 2021- 2022 school year. Our goals are listed below:

2021-2022—School Wide Goals

ELA: 42% of our students in grades three through five will score met or exceeding on the ELA SCReady.

Math: 44% of our students in grades three through five will score met or exceeding on the Math SCReady.

Science: 50% of our students in grade four will score met or exemplary on the Science SC PASS. .

Even with the challenges we have faced this year, we are looking forward to seeing the results of our efforts and dedication to our students and school families.

School Performance	ELA	Math	Science
2021	37%	39%	45%

COMING TOGETHER...
IS A BEGINNING.
KEEPING TOGETHER...
IS PROGRESS.
WORKING TOGETHER...
IS SUCCESS.
