

Lakeview Elementary School
Annual School Report
2010-2011

	MISSION Lakeview Elementary School will effectively prepare students for the future.
	VISION We envision that with a strong foundation of academic and problem-solving skills, all Lakeview students will become responsible citizens and life-long learners.

During the summer of 2010, faculty and parents looked at the needs of Lakeview Elementary School and wrote a school improvement plan to address those needs. This was done in conjunction with our self study for accreditation. This report gives an update of progress on that plan.

SACS/School Improvement Plan Update

Performance Goal Area 1: Student Achievement

Strategy: Utilize professional learning community structures to improve academic achievement.

- * We used district created core curriculum guides and pacing guides for instruction.
- * We developed and administered common assessments based on timelines established in pacing guides.
- * We added Accelerated Math to the curriculum in grades 3-5

Strategy: Improve the performance of all underachieving students.

- * We have revised the after-school tutorial program for at-risk students in grades 3-5.
- * We have changed the remediation/enrichment program to utilize data driven instruction.

Performance Goal Area 2: Teacher/Leadership Quality

Goal: Establish and monitor expectations for appropriate and effective use of technology in classroom instruction.

- * We have provided staff development in the following: Video Streaming, Laptops and Projectors, Smart Boards, Alpha Smart Keypads.
- * Teachers are developing electronic lesson plans.
- * A teacher is designated as onsite technology representative to assist teachers with technology applications.

Performance Goal Area: School Climate

Goal: Provide teacher training in behavior management, diversity and sensitivity.

- * We have implemented Positive Behavior Interventions and Support schoolwide.
