Salliewhite hits ground running as Brewer's Principal in 2022-23

Rico Salliewhite officially stepped into the role as Principal of Brewer Middle School on July 1, 2022. A little more than two weeks later, staff reported and, a few days later, students were back for the start of the year.

It was a dizzying start for this new year and Salliewhite hit the ground running. He has watched, listened and learned throughout the year as he works to get staff and students aligned with a new vision of success for the school.

Throughout the school year, he has started to see some signs of that alignment.

"I think the culture has started to change with students being happier to be here and teachers are starting to hold them more accountable," Salliewhite says.

He has enjoyed the opportunity to build relationships with students, teachers and the community.

"I've enjoyed teachers starting to be more receptive to me," Salliewhite says. "We're starting to see the 'big picture.'"

After the quick start to this year, Salliewhite has more opportunity to look ahead going into his second year.

One of the areas he emphasizes going forward is "higher expectations." "We've got to work on that across the board," he says.
