HONEYBEEs!

REPORT TO THE PEOPLE , 2016-17

Ware Shoals Primary School is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by providing a safe, nurturing, and academically challenging learning environment. We focus on our district's motto of "Learning, Serving, and Leading" as we broaden our students' knowledge, complete service projects, and foster teamwork.

Teachers assess student proficiency using multiple measures and provide targeted, individualized instruction. A variety of instructional strategies such as: responsive math instruction, small group reading interventions, hands-on STEM instruction, Accelerated Reader, and iStation, are implemented to ensure student success.

We endeavor to instill strong character in every child by providing opportunities for community service projects and PBIS initiatives. We recognize the importance of celebrating positive student behavior and fostering a climate of mutual respect for each other. Our guidance counselor creates a character focus for each month, provides daily examples for students, conducts monthly character education classes, and organizes our yearlong Adopt-A-Grand community service project with Ware Shoals Manor. We are fortunate to have teachers, parents, and community leaders who are passionate about developing our future South Carolina graduates and world leaders.

Paula Taylor, Principal
