Academic Achievements

Wade Hampton High School earned a value added score of a 4 on a scale of 1-5 (with 5 being the highest) for the following state EOC tested areas: Biology 1, English 1, and US History . This score indicates that students "out performed" their anticipated year's worth of growth on state assessments.

NJROTC Recognition

Congratulations to Cadet Commander Adonia Riley, her staff and all NJROTC cadets in being recognized as Distinguished Unit, the Navy's top tier national award! This award recognizes overall unit activity and accomplishments as well as massive amounts of community service and school support. The cadets and leaders do a great job and show that Wade Hampton can hold their own with much larger schools with far

more resources.

Fine Arts News

- ◆ Music class performed at HES, FES, and Council on Aging. Jordan Murdaugh was

Professional Development

- ◆ **Teacher Advancement Program's (TAP)** goal is to increase student achievement. The four elements of TAP are multiple career paths, professional growth, instructionally focused accountability, and performance based compensation. As a part of the TAP program we have a Leadership Team that consists of a master teacher, seven mentor teachers, and two administrators. We have embedded weekly professional development (Cluster meetings) during planning periods and weekly afterschool leadership team meetings led by administrators to make intentional decisions for continuous improvement and professional growth.
