## Academic Achievements

Hampton Elementary School earned a school-wide value added score of a 3 on a scale of 1-5 (with 5 being the highest) . This score indicates that students "met" their anticipated year's worth of growth on state assessments.

## Community Involvement

- The HES Junior Beta Club along with the Boys Club prepared food baskets for senior citizens at the Hampton County Council on Aging.
- The Junior Beta Club sponsored a fundraiser called "Pennies for Patients" and raised over \$800 for the Leukemia and Lymphoma Society.
- The school sponsored a "Soup"er Bowl Canned Food Drive during the week of the Super Bowl. Over 600 food items were collected and distributed to local families and organizations.
- The Junior Beta Club adopted Holly Street for the Adopt-A-Highway program several years ago. Recently, the club put on their orange vests and went out to collect litter along the road.
- Members of the Junior Beta Club also beautified the school yard for an outdoor classroom experience. Students cleared away weeds, dead plants, and old straw. This summer, the Boys Club will continue working on the project rebuilding bird feeders, cleaning, replanting, etc.
- HES Relay for Life team has sponsored various fundraisers throughout the year to benefit the American Cancer Society.

## Professional Development

- HES teachers continues to implement **High Progress Literacy** processes to engage all students in reading, writing, researching in appropriately challenging text at least 75% of the time in order to learn content. These close reading processes help students to build deep understandings of science and social studies materials.
- *Through the **Read to Succeed Act (R2S)*** HES has a reading coach to support all teachers across all content areas. The goal is to help all teachers increase the literacy levels of all students through effective instructional and intervention strategies.
- In an effort to increase math numeracy, **Academic Intensity in Math (AIM)** was implemented in all 4th grade classes.

## Growth Mindset

- One of our goals is to increase student achievement. The three elements used to achieve this are multiple career paths, professional growth and instructionally focused accountability. We have a Leadership Team that consists of a master teacher, five mentor teachers, and two administrators. We have embedded weekly professional development (Cluster meetings) during planning periods and weekly afterschool leadership team meetings and vertical team meetings to make intentional decisions for continuous school improvement and professional growth.

## Celebrating Students

- \* 6th Grade Junior Beta Club
- \* Incentive program rewarding positive behavior—monthly dodgeball games/dances
- \* Student vs. Staff Volleyball
- \* HES Basketball Team
- \* HES Volleyball Team
- \* Student of the Week recognition
