Dear Parents,

The School Improvement Council (SIC) serves as an advisory committee to the school principal and faculty. Unlike PTO and other voluntary organizations, SICs are mandated by law to exist in every public school in South Carolina. SICs play a key role in the education of children, bringing together parents, educators and community stakeholders to consider avenues and methods of improvement in local schools. SICs work collaboratively with the school to develop the five-year Strategic Plan.

Homewood Elementary SIC is pleased to present to you our 2021-2022 School Summary Report.

This report highlights our grades 2nd-5th students' results on spring 2022 MAP results in ELA and math, as well as our MOY (Middle of Year) DIBELS results.

Sincerely,
Penny Foye - Principal
