## **Report to the People**

**May 2015**

Wren Middle School is an outstanding school with high expectations and academic excellence as primary goals. We are committed to providing a learning environment where students are challenged to acquire the skills and knowledge necessary for future success. We continue to focus on “closing the achievement gap” as we strive to meet the academic needs of all students. Teachers and administrators work together within professional learning communities to plan the most effective instruction for students. Test data is used to identify the academic strengths and weaknesses of individual students. Wren Middle School offers programs during the school day that are specifically designed to provide extra time and assistance for students in all academic classes. Professional development opportunities are available for teachers to provide specific training on the implementation of instructional initiatives such as SREB Literacy Design Collaborative and the use of iPads in the classroom. The Anderson One Digital Innovation Initiative has provided new and exciting instructional practices that enhance the academic environment for all students. The implementation of the Positive Behavior Intervention Support Program has enhanced our character education program and provided behavioral expectations for our students that are consistent throughout the school. PBIS also offers a system of rewards and recognitions for students that help encourage positive character and good choices. Safety and security will always be a top priority for Wren Middle School. All of our teachers and students have been trained in the A.L.I.C.E. “Moving Beyond Lockdown Program.” We take this very seriously and continue to monitor and adjust as needed to ensure a safe environment for all of our students.

Wren Middle School appreciates a supportive PTSO and School Improvement Council. Our PTSO continues to provide funds for technology, the music and band programs, athletic teams, instructional materials, and all of our extracurricular events. Wren Middle School is a community of learners emphasizing academics, service, and the arts. Our goal is to provide students a safe environment with diverse and challenging opportunities that will bridge the gap to the future and enable them to develop skills to ensure success throughout their educational careers and beyond.
