

CAMDEN ELEMENTARY SCHOOL SCHOOL IMPROVEMENT COUNCIL ANNUAL REPORT TO PARENTS 2021 - 2022

The Mission of Camden Elementary School is to increase student achievement by providing students challenging opportunities through technology and in a safe nurturing environment.

Vision: Camden Elementary School is a place of learning. At our school, all children will experience a passion for learning through a partnership with family, school and community.

Who are We?

Our Camden Elementary School Improvement Council (SIC) meets monthly. Our SIC chair is Jac Carrington. Parents, community members, CES staff and administrators are members of the SIC. If you would like more information, please email matia.goodwin@kcsdschools.net

Guys with Ties and Girls with Pearls

SIC Goals

Our SIC members will mentor 5th grade students monthly and host an end of the year celebration. This program is called Guys with Ties and Girls with Pearls.

- Reading/Writing Workshop Model
- Reading & Math Intervention
- WINN (What I Need Now) Enrichment Block

TEACHER HIGHLIGHTS

- Loren Carmon - CES Teacher of the Year
- Jessica Truesdale - KCSO Outstanding First Year Teacher

A message from Mrs. Goodwin

This has been a great school year. We started the year with many COVID restrictions, however, we were able to end the school year with several face to face events. Our Camden Elementary Partners successfully raised \$20,000 this school year to spend on related arts projects (purchasing soccer goals, recess equipment and new risers for our music department). Our SIC also created a 5th grade mentoring initiative titled Guys with Ties and Girls with Pearls. Students participated in monthly workshops and the program concluded with a formal breakfast. Our school received an arts grant, and an outdoor garden grant. Our school also received NSRPA recognition for our school Facebook page and school newsletter, The Colt Chronicles.
