Our Mission

Live to Love;
Love to Learn;
Live to Love Learning

Beliefs

We Believe:

1. All students learn in different ways and deserve to be exposed to many different modes of learning.
2. All students are capable of learning and should be guided to reach their fullest potential.
3. A quality education should be a shared responsibility involving students, parents, faculty members, and community members.
4. Advanced technology, fine arts, and cultural diversity stimulate a creative learning environment.
5. All students should value truth, honesty, integrity, and the diversity of others.
6. All students should show respect for themselves and others.
7. Children learn best through participatory experiences in reading, writing, listening, and speaking.

School Renewal Goals

Goal: Students will improve thinking and reasoning skills in mathematics by demonstrating proficiency in numbers and operations, geometry, algebra, measurement, and data analysis and probability skills.

Goal: Students will improve communication skills in language arts by demonstrating proficiency in research, communication, reading and writing.

Goal: Students will expand and integrate skills in science by demonstrating proficiency in inquiry, earth science, life science, and physical science skills.

Standardized Testing Results

PASS

ELA Grade 3

	Not Met	Met	Exemplary
