SIC ANNUAL GOALS

Goal #1:

To better serve the academic, social, and mental health needs of our students, BMS will develop a successful mentor program.

Goal #2:

BMS will continue to renew partnerships with local businesses and/or local churches. BMS will invite new partners to share school resources and information with the families they serve.

The purpose of the SIC annual goals is to steadily progress the school forward in all areas consistent with the school's mission. We believe that by targeting the above areas that we will not only prepare our students for the high school, but that we will help shape a generation of students for success in our community.
