School Renewal Plan

Mission Statement

In partnership with our community, the mission of Gilbert Middle School is to provide a safe and secure environment for learning where caring people, academics, the arts and athletics prepare students to be independent, respectful, and contributing citizens. This is accomplished by providing challenging instructional programs to meet the diverse needs of a dynamic student population through active learning experiences that are enhanced by effective teaching techniques and the integrated use of technology.

Our Beliefs

- The success of a community depends on the involvement and contributions of each of its members.
- The quality of the community is directly related to the quality of the educational system.
- Education is the responsibility of the entire community.
- All students are entitled to a safe and secure learning environment.
- Quality education is worth the investment of time, effort, and money.
- Everyone is responsible for the wise management of all resources.
- The family is crucial to the development and well being of the individual.
- The school should contribute to the character development of the individual.
- Students should be involved in service learning to make a positive contribution to the school and community.
- All people have inherent worth.
- Learning is a life-long process that is essential for continuous growth.
- All individuals can learn.
- Individuals learn in different ways and at different rates. All instruction should be presented with a variety of approaches to support active learning.
- Learning promotes an improved quality of life.
- In the formal learning environment, the teacher's high expectations promote high levels of achievement.
- All people want and need to experience success.
- Individuals are responsible for their own success and the choices they make.
- The success of our school, community, and nation depends upon belief in God, respect for our country, its democratic processes and each other.

Student Achievement Goal

By 2016, 85% of students will score met or above on the State assessment in each of the four core content areas (Language Arts, Math, Science, Social Studies).

Strategies

- Implement the 10 Key Practices in the Making Middle Grades Work Plan
- Use state standards to guide instruction/begin the transition to Common Core State Standards
- Implement a gradual release model for teaching
- Implement formative grading plan
- Focus on strengthening reading skills
- Ensure the use of technology by teachers and students
- Implement blended learning opportunities for students

Update on Progress Toward Goal

During the 2013-2014 school year, 71% of students had reached the goal in Language Arts, 71% in Math, 80% in Science, and 69% in Social Studies, and 65% in Writing.

Teacher Quality Goal

By 2012 our professional development plan will be revised and fully implemented to meet the performance goals of the School Improvement Plan

Strategies

- Examine the culture of our school
- Use data for continual school improvement
- Use research-based best teaching practices and strategies
- Develop a structure for providing professional development
- Participate in district level collaboration

Update on Progress

As of the 2014-2015 school year:

- All administrators have received training in the Southern Regional Education Board's Creating a High Performance Learning Culture.
- The school's Data Team develops school goals and meets regularly to discuss progress toward those goals.
- The school has implemented the ELA and math numeracy models.
- The school has set aside Tuesdays and Thursdays for professional development, faculty meetings, and department meetings.
- The faculty participates in collaborative planning days established by the school district.

School Climate Goal

By 2014-15, GMS will implement the six National Standards for Parent/Family Involvement Programs.

Strategies

GMS will implement at least one strategy annually in each of the six types of parenting in Joyce Epstein's Model.

Update on Progress

As of the 2013-2014 school year, GMS has conducted family nights and parent conferences. School/home communication forms include monthly newsletters, a website, a phone messaging system, as well as grade reports. The school also has developed a volunteer program. The PTO and SIC groups meet monthly to discuss school issues and to include parents in the decision making process. The SIC sponsored a math night as well as quarterly student recognition programs.

About Our School

- Palmetto Gold & Silver Award for General Performance
