What a wonderful year at Lake Murray Elementary School! We have had many exciting things taking place including having two schools on one campus until January 2011. Through this realignment of our school, we have revised our mission, vision, and beliefs. We have also rededicated ourselves the best practices that will encourage students to be self-directed learners. We are developing a leadership model that will prepare students with the basic principles to carry them through their educational journey and prepare them to be 21st Century Global Citizens.
