## ABOUT US

White Knoll High School's mission is to empower ALL students to be productive, global citizens in the 21st century by fostering accountability, lifelong learning, and respect.

The following goals were established by the School Improvement Council for the 2019-20 school year:

1. To promote and brand the slogan "Believe, Achieve, Succeed."
2. To promote positive actions taken to improve parent and teacher survey results for safety.

Throughout the school year, SIC hosted events and sponsored actions to achieve these goals.

## BELIEVE.

To bond White Knoll High School's faculty and students, the school met weekly during IMPACT. LINK leaders mentored the ninth graders and the faculty led lessons around personal development, team building, and goal setting. This encouraged everyone to step outside their comfort zone, boost morale, improve relationships, increase communication, and develop leadership skills. The SIC provided each student and faculty member an arm band promoting the slogan "Believe. Achieve. Succeed."

## ACHIEVE.

White Knoll High School's school-based work plan identified focused areas of growth in student engagement, equity and social-emotional learning. Personalized professional learning, inquiry teams, student focus groups, and coaching cycles targeted these growth areas. As a result, instruction shifted to a Student Engagement Model and co-teaching where ALL students' learning needs were addressed.
