

## School Achievements

Lexington Technology Center participates in the *Technology Centers That Work* initiative where our students reading, math, and science scores are analyzed and compared to national standards. We are proud of our results and consistently strive to improve these scores through participation in all SREB's initiatives.

LTC received the Technology Centers That Work Platinum High Achievement Center Award for 2012—one of three centers in the nation to receive this award.

LTC's Automotive Technology Department received the NATEF designation this year.

## Mission Statement

The mission of Lexington Technology Center is to provide all students exemplary preparation for post-secondary education and careers. Enabling students to become global citizens who are responsible, self-directed, lifelong learners is the hallmark of our mission.

## Vision

Lexington Technology Center will prepare students for their future career choices in an ever-changing competitive digital world.

## SIC Annual Goals

- Increase LTC's mean mathematics score.
- Embed literacy into the curriculum in order to increase LTC's mean reading score.
- Improve teachers' skills in implementing the common core standards.
- Increase the percentage of LTC students who pass a national recognized certification and field test state developed CATE end-of-course tests.
- Implement a robust series of Science, Technology, Engineering, and Mathematics (STEM) courses to engage students in becoming self-directed and reflective learners.

## Student Organization 1<sup>st</sup> Place State Winners

### SkillsUSA:

Javier Vasquez, Collision Repair  
Dalton Dunlap, Cabinetmaking  
Amber Caviness, Advertising Design  
Kaitlin Finklea & Katelyn Taca (model), Nail Care  
Blake Reeves, Power Equipment

## Additional Information

Lexington Technology Center offers twenty different areas of instruction in career and technology education for students from Gilbert, Lexington, Pelion, and White Knoll High Schools. LTC creates a culture of high expectations and continuous improvement for the students and our staff.

We are proud of the national certifications our students earn. Our entire cosmetology class earned their licenses through the State Board of Cosmetology and all students in the Health Science Technology class completing clinical studies earned Certified Nursing Assistant Certificates. Additionally, other national certifications such as Pharmacy Tech, NCCR Welding, ASK Marketing, financial literacy, Solid Works Professional Certification, and NATEF certification for Auto Technology and Auto Collision Repair are available.

Students develop their leadership skills through professional development opportunities through participation in our student organizations.

Community support plays an important role in our school. More than 150 community leaders serve on our advisory councils. These members provide quality input into our school's strategic planning process and are critical to the successful completion of our accreditation process.
