

Principal's Message

I am so very proud to serve as principal of Batesburg-Leesville High School. Our students, faculty and staff are the finest in South Carolina.

Batesburg-Leesville High School is a very special place where we serve very special young people. The majority of our students are involved in some sort of extra-curricular activity in addition to working hard in their classes each and every day.

Our faculty and staff has worked diligently this year to incorporate personalized learning in every classroom. We believe in and are committed to the idea that learning at its best is engaging and relevant to the learner. In addition we are attempting to create more student ownership in their own learning.

While our school year was drastically impacted by the COVID-19 pandemic, our school nor our students are defined by it. We carried on as best we could relying on the principles we all hold dear. We got through it as a family, nurturing our relationships with one another, building on our traditions and building new ones together.

Sonya M. Bryant,
Principal
Batesburg-Leesville High School
