Our Purpose

Our purpose is to build upon the foundation of skill students have acquired to become college, career, and citizenship ready. We will empower our students to Lead, Learn, Serve and Excel in a safe student-centered learning environment.

Our Vision

We seek to be a personalized system of learning.

Our Beliefs

Every student needs a student-centered classroom.

Our strength is found in the value of each individual voice in our professional learning community.

Student-Centered Inquiry and formative feedback nurture

School Renewal Plan Goals

Student Achievement

- Align curriculum to SC Standards to guide instruction.
- Implement an Academic MTSS framework to support student learning.
- Implement a comprehensive assessment system (CAS) to inform instruction.

Teacher/Administrator Quality

- Implement, evaluate, and refine a systemic common instructional framework.
- Align student learning experiences with written curriculum.
- Implement professional learning communities to support the professional growth of all staff.

School Climate

- Implement a Behavioral and Social-Emotional Learning MTSS framework to support all stakeholders.
- Implement structures that invite, engage, and involve all stakeholder groups across the district.
- Implement and evaluate annual systemic surveys to provide parents, students, and staff a voice in improvement processes.

FMIS School Climate Data

2022-2023

Each year teachers and students are surveyed by the South Carolina Department of Education. The survey focus is on the percent of stakeholders satisfied with the working conditions, learning environment, physical/social environment and home-school relations.

	teachers	students	parents
Percent satisfied with learning environment	94.4%	81.4%	81.1%
Percent satisfied with social and physical environment	97.2%	86.0%	80.0%
percent satisfied with school-home relations	91.7%	87.5%	80.0%
