

Honors and Accomplishments

At SMS, we **LEAD, LEARN, SERVE,**
and **EXCEL**

LEAD

- Students LEAD through participating and representing SMS in specific PAWS classes (PAWS stands for PBIS, Advisement, Well-informed, and Service). Some of these PAWS classes are specialized to include school clubs.
- Our newly formed Color Guard Drill Team are our guardians of the colors. They formally raise the flag each morning, and carry and post colors for assemblies and parades all while learning how to be a LEADER.
- Teachers LEAD by ensuring a positive, proactive learning environment, reinforcing school-wide, consistent expectations, and modeling life, career and citizenship characteristics.
- Students, Staff and Teachers are nominated each month for LEADing by positive example. Winners are honored as our SMS People of the Month.

LEARN

- At SMS, our teachers are dedicated to continuous LEARNING through participating and collaborating with one another in their Professional Learning Communities.
- We want our students to acquire self-determination in order to seek out and use resources to achieve LEARNING. During our TIGER Time intervention period we strive to guide our students in OWNING all their learning and actions (the good and the bad) - embracing truth- so they grow into the most honest version of themselves.

SERVE

- Our students, staff and our community begin each year with a back to school clean up day. In August we trimmed trees and bushes, weeded gardens and put out fresh pine straw.
- In September, we invited local First Responders to honor them during our 9/11 remembrance.
- In December, our School Improvement Council sponsored our first annual Community Tree Lighting Ceremony which featured free food, live music, caroling, giveaways, and of course the tree lighting and a visit from Santa.
- During the tree lighting we dedicated the Gaston Blessing Box, donated by our award winning Beta Club. The giving box gives our community the opportunity to donate and receive books and non-perishable food items year around.

EXCEL

- In November, we collaborated with The Swansea High Freshman Academy and SHS to host our first annual Lexington 4 Spanish Spelling Bee.
- Our students were recognized recently in our first semester Awards Assemblies where we honored hundreds of students who have EXCELED in Academics, Attendance and the Arts.
- We also EXCEL by offering three High School Credit courses for those students who demonstrate academic aptitude. These courses include English 1, Algebra 1 and Fundamentals of Computing.
- We have four students who EXCELED in this year's PSAT exam and earned recognition in the SC Junior Scholars program which identifies eighth-grade students with exceptional academic talent.

Athletic Highlights

- SMS students EXCEL in multiple athletic teams here at SMS and at Swansea HS. Here at SMS we field teams for Cheerleading, Volleyball, Football and boys and girls Basketball and compete in the highly competitive Lex Ten Middle School Athletic Conference. Additionally many SMS students participate in Cross Country, Golf, Baseball, Softball, Track and Soccer at Swansea High School.

- Sandhills Middle School was the first middle school in South Carolina to be recognized as a Special Olympics Unified Champion School. As a Unified Champion School we EXCEL by providing classroom and community experiences that ensure that all students are valued and cared for. We take pride in the school climate that we have worked hard for here. It is one of respect and tolerance for all students and, more specifically, those with intellectual disabilities. This is seen through our unified Physical Education class, participation in the End the R Word Rally at the State House, and participation in Special Olympics local and state games.

Fine Arts Highlights

- Our Art club beautifies our school in so many ways. They decorate our hallways, and design school spirit banners along with banners for our Veterans Day Celebrations and Tree Lighting.
- Our Band students EXCEL in All-Region and marching band. Six students auditioned for ALL- Region band and five students participated in marching band at Swansea HS in the fall.
- In November, we honored local Veterans in our community with a Veterans Day Assembly in which our newly formed Color Guard presented our State and National Colors along with musical collaborations of our SMS band and our Lexington 4 choral students.

Sherri Stonehouse	Assistant Principal
Joseph McMillan	SIC Chair
Vernon Farris	Vice Chair

Beta Club- We are a National School of Merit

The Jr. Beta Club has earned consistent recognition at both the state and national level.

- This club, founded in 1977, has recently been awarded the National School of Merit Award for the dedication and commitment of members to academic excellence.
- This year, SMS also participated in a regional leadership summit for Jr. Beta students from Georgia, Alabama, and South Carolina in which members participated in interactive virtual sessions with guest speakers and team competitions that focused on the values of leadership and teamwork. SMS students competed in Lead Outside the Box, Service Snapshot, and Rapid Response and placed in the top teams for all three categories, qualifying them to compete nationally this summer.
- SMS students placed in seven competitions in the junior division of the state Beta Club convention.

Chapel-Anne Farris placed 2nd in Speech
 Cailyn Lubic placed 4th in 2D Design
 Tyler Squire placed 5th in Technology
 Dalton Black placed 5th in Black and White Photography
 Allison Hammond placed 4th in Mixed Media
 Haylee Sightler placed 4th in Woodworking

Madison Painter, Gisella Barrios Sorto, Cailyn Lubic, Kayla Johnson, Jaiden Kaczmariski, and Haylee Sightler placed 3rd in the Portfolio category.

- Other service projects this year include creating prisoner packets, Operation Christmas Child shoeboxes, and making Veteran's Day cards for the VA hospital.

Profile of the SC Graduate

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by...

Hello, I'm Principal Brad Coleman. Welcome to Sandhills Middle School, where we LEAD, LEARN, SERVE and EXCEL in Academics, Athletics, and the Arts. It's an honor and privilege to share this Report to the People about our school and especially our amazing students, staff and community.

LEAD- Here at SMS, we are intentional in providing our students, teachers, and staff opportunities to LEAD. Students LEAD through participating and representing SMS in specific PAWS classes (PAWS stands for PBIS, Advisement, Well-informed, and Service).

At SMS, we ensure students have the opportunity to build various leadership skills such as: engaging in active listening, asking questions, completing assignments, as well as researching and interacting with real-world content.

Overall, we believe that our strength at SMS is found in the value of each individual's voice. We encourage students to LEAD by example and share their voice in a positive way and take risks in order to be connected to their future college and/or future career.

LEARN- Our LEARNing road map for our students at SMS, encompasses three main action points. The first one focuses on building student agency. We believe it is essential for our students to own their own LEARNing by pursuing their desired inquiries, providing the necessary resources for students to achieve a deeper understanding, and supporting students through their productive struggle as they persevere to reach their own academic goals. Our second LEARNing action point for our students is to expand and "dig deeper" into their learning.

At SMS, our teachers are dedicated to continuous LEARNing through participating and collaborating with one another in their Professional Learning Communities, demonstrating a continual growth-mindset, participating in focused coaching cycles, and contributing to a reflective practice.

SERVE- As Principal of SMS, I want all of our students to feel a connection to our school. This connection, we believe, leads to many positive relationships, real world relevance, active engagement, and ultimately college and career ready graduates. In my opinion there's no better way to be connected to school than being invested in your school through SERVICE.

EXCEL- At SMS, our staff provides many opportunities for students to not only thrive at SMS but to EXCEL. We do this by encouraging students to use their inner strength to voice for the good of themselves and others, but more importantly, to MODEL our core expectations that would make themselves, their parents and community all very proud. We want our students to EXCEL by committing and following through with what they say and do; and to do what's right and avoid what's wrong.

We are a P.B.I.S. School

Positive Behavioral Interventions and Supports

P.B.I.S. is a research and evidence-based, school-wide behavior initiative that:

- Focuses on proactive systems and restorative interventions
- Provides a common language between students, staff and community
- Creates consistency & Community
- Provides recognition for displaying positive expectations of LEAD, LEARN, SERVE, and EXCEL

So what does PBIS look like at SMS?

- It begins with Positive RELATIONSHIPS coupled with a COMMON LANGUAGE centered around our CORE Values of Lead, Learn, Serve and Excel along with TARGETED COACHING with personalized INTERVENTIONS and SUPPORTS.
