School Highlights

As one of the recipients of the MSAP grant, our school continues to grow and excel in the area of STEAM. We have great learning spaces and instructional materials that promote quality teaching and learning. Several innovative platforms are utilized in the classroom to foster critical thinking, communication, collaboration, and creativity; and our students continue to shine in these areas! LES was awarded the Exxon Education Alliance Math and Science Grant from Rainbow Gas Garden Exxon. LES also received a grant from the School Garden and Education Assistance Program from the SC Dept of Ed. This is a grant that is designed for School Gardening for SC Educators Program.

School Goals

- Grow our Readers
- Grow our Mathematicians
- Create a positive and cooperative learning environment
- #TrendThePositive with Parents

Strategies

- Kagan Cooperative Learning
- Balanced Literacy
- Guided Reading and Math Groups
- PBIS
- Data Teams

At Leaphart, STEAM is not what teachers and students do; it is the method for how teachers and students approach teaching and learning. STEAM Engineering concepts are interwoven into all subject areas through the Design Process. Students are engaged in collaborative, hands-on learning experiences that highlight engineering concepts and ideas.
