Our Beliefs

- * Students' academic, physical and emotional well-being guides all decisions
 - * A strong commitment to continuous improvement is imperative for enabling students to become confident, self-disciplined, lifelong learners.
 - * Effective teaching and learning are the major priorities for our school. Students learn through different modalities; therefore, a variety of instructional approaches must be used to address individual learning needs.
 - * Administrators, teachers, parents and community share the responsibility for student learning and well-being.
 - * Each student is a valued individual with unique intellectual, emotional and physical needs that must be met in order for the student to have a positive self-image.
 - * Setting appropriately challenging expectations increases student performance and contributes to self-confidence.
 - * Communication between school and home enhances learning.
- Collaborative teamwork between faculty and staff positively impacts student learning.
- * Effective leadership must be shared by administrators, teachers, support staff, parents and students.

Promoting Teaching and Learning

⇒ RSES teachers developed a professional development plan to improve math scores. During the 2018-2019 school year, our teachers, with the support of the administrative team, used the Data Team process to focus instruction around math power standards. As a result, the percentage of student exceeding or meeting their target growth in MAP Math moved from 54% to 61.1 %.

⇒ Positive Behavior Interventions and Supports (PBIS) continues to bring a positive commitment to following school-wide expectations at RSES. Teachers acknowledge our students using Gator Slips to reinforce positive choices. This school year, over 30 faculty and staff members used their planning time to host a Gator Event for students. In addition, RSES has earned a 100% on the SET (School-wide Evaluation Tool) for 3 years in a row for our implementation of PBIS.

⇒ Using data to drive our decision making is a focus at RSES. Our teachers continue to use the Data Team Process to help guide the instructional decisions they make to influence student achievement. Our teachers have focused on math power standards this school year and they align their instructional practices to the math workshop. Student engagement and achievement are observed daily!

⇒ RSES was recognized this school year as a Finalist for SCASA's Palmetto's Finest Schools in the state of South Carolina. This collaborative effort from administration, teachers, students, and parents helped acknowledge how special River Springs Elementary School is. We are proud to be a finalist within the state of South Carolina.
