

## Vision

Our vision for North Mullins Primary is to create an environment that supports and inspires a passion for learning.

## Purpose

North Mullins Primary educates, prepares and inspires students to be productive citizens in a changing global society.

- o All students can become productive members of society.
- o Education is a partnership among students, families, schools, and community.
- o Our children are the center of all decision making.
- o Education should prepare students to succeed academically and socially so they can compete for quality jobs and become productive members of society.
- o Each person has intrinsic value and worth and is a unique individual with different needs and abilities.

NMPS follows the Marion County Schools District Pacing Guides where instruction is correlated to State Standards in all subjects and assessments match instruction.

- Classroom lessons are student centered to maximize student engagement and promote personal responsibility.
- Long-range plans and weekly lesson plans are correlated to the Pacing Guides.
- Teacher-made tests are used to assess weekly skills. Throughout the year student achievement is measured by iReady.
- Open Court Reading and iReady Math are used as our district's reading and math curriculum.
- iReady Diagnostic tests are administered in fall, winter, and spring to determine a student's academic achievement and growth from fall to spring and year to year.
- Guided Math lessons are taught in all grades.
- Workshops on academics, technology, and social skills are offered to parents, teachers, and community members.
- Standards-based workshops are offered throughout the year, assisting teachers in providing enrichment to use with the current curriculum.
- Parent/Teacher Conferences are held to discuss student's progress.
