

North Mullins Primary School Beliefs

Purpose

North Mullins Primary educates, prepares and inspires students to be productive citizens in a changing global society.

Beliefs

We at North Mullins Primary School believe that.....

- *All students can become productive members of society.*
- *Education is a partnership among students, families, schools, and community.*
- *Our children are the center of all decision making.*
- *Education should prepare students to succeed academically and socially so they can compete for quality jobs and become productive members of society.*
- *Each person has intrinsic value and worth and is a unique individual with different needs and abilities.*

Purpose of SIC

The School Improvement Council (SIC) serves as an advisory committee to the school. The members of the School Improvement Council, (SIC) have taken an active role in the decision making and planning process here at North Mullins Primary. We utilize input from a variety of Data sources as well as input from our parents, teachers, students and community members to improve student achievement for all students. We are always eager to provide information to all of our stakeholders regarding any and all decisions made.

- NMPS follows the Marion County Schools District Pacing Guide where instruction is correlated to State Standards in all subjects and assessments match instruction.
- Classroom lessons are student centered to maximize student engagement and promote personal responsibility.
- Long-range plans and weekly lesson plans are correlated to the Pacing Guides.
- Teacher-made tests are used to assess weekly skills. Throughout the year student achievement is measured by MAP and Fountas and Pinnell.
- Fountas and Pinnell Reading Benchmark tests cover accuracy, self-correction, fluency and comprehension, subjects and are administered three times a year.
- MAP (Measures of Academic Progress) tests are administered in the fall, winter, and spring to determine a student's academic achievement and growth from fall to spring and year to year.
- Lexia Core 5 and Dreambox Learning, computer based programs, used to provide engaging activities for individual learning styles and achievement levels.
- A variety of resources are used to engage students in all subjects: software programs, internet resources, computer lab activities, laptops, and SMART Boards.
- Guided Math lessons are taught in all grades.
- The staff continues to upgrade their skills in technological advancements to better serve their students.
- Technology, reading, writing, math, homework, and discipline workshops are provided for parents and teachers.
- Standards-based workshops are offered throughout the year, assisting teachers in providing enrichment to use with the current curriculum.
- Parent/Teacher Conferences are held to discuss students' progress.
